

StarLeaf 

StarLeaf host pricing

Simplified pricing

StarLeaf is launching simplified pricing for meetings, using a host/organizer-based model.

There are three subscription plans:

1. Basic host
2. Business host
3. Enterprise host

Our plans are:

- ✓ Easy to understand and transparent
- ✓ Simple, inclusive, and easy to buy
- ✓ Billed on 12 months' contract
- ✓ Easier to monitor and optimized for upsell

Host pricing plan features

StarLeaf plans are host-based.

- A host is a person/organizer who can host/organize meetings. Hosts/organizer can only host/organize **one meeting** at a time. Hosts can choose for their meeting to start when they join, or to start when other users join.
- All host plans feature:
 - ✓ Unlimited one-to-one meetings
 - ✓ Group messaging and one-to-one chats
 - ✓ Telephone dial-in for 50+ countries
 - ✓ Interoperability with all other business video tools
 - ✓ Outlook and Google calendar integrations
 - ✓ Microsoft Teams integration

Admins can manage host licenses in the StarLeaf Portal

Reporting

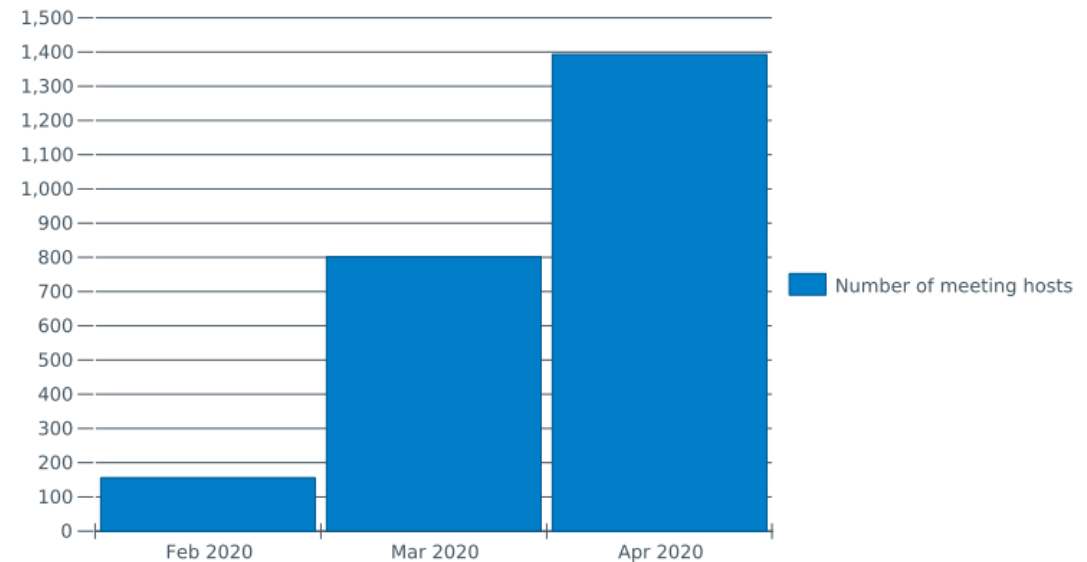

Reports can help recommend host numbers to customers. For example:

- A report on the number of meeting hosts who have created a meeting per month

Meeting hosts

Meeting hosts

This graph shows the number of meeting hosts who have created meetings per month.

StarLeaf usage report from 2020-02-01 to 2020-04-30

StarLeaf

3-month contract - 10 hosts

Frequently asked questions

Can a customer have free users along with paid hosts?

Yes, customers on Business and Enterprise host plans can have a subset of users licensed and other users in the same organization can be free Basic hosts. Meetings created by Basic hosts are limited to 45 minutes

Can customers use free Basic host meetings with a StarLeaf meeting room system?

StarLeaf room system registration is only available with Business or Enterprise host plans. It is not available on the Basic host plan

In a mixed organization where there are paid hosts and basic hosts, can StarLeaf rooms join meetings hosted by the free (basic) users?

Yes, but these meetings will still be limited in size and length as per the limitations of basic meetings
